NEWS RELEASE

Penguin Solutions to Showcase Full-Stack AI Factory Platform Innovations at SC26

2026-11-03

Technology demonstrations, customer deployments, and technical presentations highlight advances in AI infrastructure and memory technologies designed to accelerate deployment, optimize performance, and improve token economics

FREMONT, Calif.--(BUSINESS WIRE)-- **Penguin Solutions**, Inc. (Nasdaq: **PENG**), the AI Factory Platform Company, today announced its participation at SC26, the international conference for high-performance computing (HPC), networking, storage, and analysis, taking place November 15-20, 2026, in Chicago.

At booth #1723, Penguin Solutions will demonstrate innovations across its Full-Stack AI Factory Platform, including infrastructure software, accelerated compute systems, advanced memory technologies, and operational services. The company will also share insights from customer deployments and participate in technical presentations addressing emerging challenges in AI.

What: Penguin Solutions at SC26, booth #1723
When: Sunday, November 15 - Friday, November 20, 2026
Where: McCormick Place, 2301 S. Martin Luther King Dr., Chicago, IL 60616

Technology Demonstrations

Penguin Solutions will feature demonstrations of the following technologies and solutions:

- **OriginAI ®** | Validated AI Factory Reference Designs
- **ClusterWareAI ™** | Intelligent Cluster Management at Scale

- **Integrated Memory** | Advanced CXL ® Memory Solutions
- **MemoryAI** ™ | KV Cache Server: Redefining AI Inference Speed and Scalability
- **ComputeAI** ™ | Advanced Computing Systems for Faster, More Predictable AI Deployment
- **AI Platform Operations Services** | Maximize Capacity While Supporting AI Operations at Scale

Featured SC26 Presentations

- Building Sovereign AI: Infrastructure for Trusted AI Environments
  - Tuesday, November 17 at 11:00 a.m. CST in room W194b
- Photonics for AI & HPC: Breaking the Bandwidth and Power Barrier
  - Wednesday, November 18 at 12:15 p.m. CST in room W184bcd
- Unleashing Performance: How CXL and Disaggregated Memory are Revolutionizing HPC & AI
  - Wednesday, November 18 at 1:30 p.m. CST in room W185abc

Sponsorships and Partner Activities

- **Beowulf Bash** | Sponsor
- **Student Cluster Competition** | Sponsor of Georgia Institute of Technology and the University of New Mexico student teams
- Dell Technologies Booth #2223 | Penguin presentation Wednesday, November 18 at 4:00 p.m. CST

About Penguin Solutions

Penguin Solutions is the AI Factory Platform Company. We design, build, and manage next-generation data centers for enterprises, sovereign AI initiatives, and neocloud providers.

With deep design expertise at the intersection of data center AI infrastructure and memory solutions, our Full-Stack AI Factory Platform combines differentiated infrastructure software, advanced memory, compute systems, end-to-

end services, and industry-leading partner technologies to help customers accelerate deployment, optimize token economics, and maximize the return on their AI investments.
